Charming, romantic, adventurous, delicious Italy has received more attention in the last decade than any other European country! This phenomenal interest has taken excited travelers to wonderful places like celebrated and cultural Rome and historic Vatican City; the magnificently picturesque Amalfi coastline and romantic Sorrento; the exquisite Isle of Capri. And there is no more expeditious and value-laden way to see what you want to see than with an organized tour led by one who has experienced this grand country and has a deep passion for its culture, people and everything Italian. You will be introduced to the fine restaurants and friendly trattorias in Rome; taste the best gelato in Sorrento; photograph and explore the most breathtaking scenery along the Amalfi Coast and the Isle of Capri; sample homemade limoncello, olive oil, mozzarella and marmalades along the way. And all this is yours to enjoy in a unique package that combines a manageable blend of sightseeing opportunities with just enough free time to explore on your own.

With years of experience in travel to Italy, **Carlo Dozzi** and his Sorrentino friend, **Tonino Pepe**, will show you the best of the signature sights accessible on this southern route, as well as take you to visit friends at their favorite local establishments, known to very few other than those who reside there. By tours end, you will carry the same passion for this wonderful country and its people as does Carlo.
